CONSULTING ENGINEERS

Engineering Your Future

A Solid Foundation

The consulting engineering firm of Gwin, Dobson & Foreman, Inc. is widely recognized for its outstanding work in a variety of engineering specialties. Our stellar reputation reflects a full range of successful projects that are delivered by dedicated professionals and are technologically advanced and functionally sound.

Gwin, Dobson & Foreman, Inc. has been in business for over fifty years, and is a well-respected community institution. Ours is the first engineering firm to be inducted in to the Blair County Business Hall of Fame. We are proud that many of our projects have been recognized within the engineering profession and have been chosen by our peers for prestigious awards.

Gwin, Dobson & Foreman, Inc. enjoys the confidence of clients at all levels of local, state and federal governments and those in business, industry and other private sector categories throughout the mid-Atlantic states.

Room To Grow

Opportunities abound at GD&F for those who are eager to advance their careers and take on greater professional responsibility. Salaries are competitive and based on merit and performance. Licensing fees, continuing education courses and professional association membership dues are company paid. GD&F contributes toward the costs of college degree and certification programs. Equity ownership is always a possibility for outstanding leadership, achievement and performance.

Building Blocks

A full range of projects, from environmental systems, buildings, treatment plants, roads and bridges, planning studies and facilities plans to construction and engineering are executed in an inviting, modern building architecturally designed specifically for GD&F's engineering functions. Our diverse staff of experienced engineers provides guidance and direction to newer team members. There is a full complement of support professionals, including surveyors, project managers, construction inspectors, CADD technicians and administrative personnel. Operating always at the forefront of technology, GD&F uses the latest computer programs, telecommunications and digital equipment.

A High Quality Of Life, A Low Cost Of Living

GD&F is conveniently located right off I-99's Exit 30 in Altoona, Pennsylvania. We are home to the Altoona Curve Double A baseball franchise and plenty of year round outdoor recreation. In minutes, you can be boating and fishing on Pennsylvania's largest inland lake or skiing the state's highest vertical slope, surrounded by the beauty of the Allegheny Mountains. Whether in Altoona, Hollidaysburg or surrounding communities, housing is plentiful and affordable. The Altoona and Hollidaysburg school districts are excellent and nearby Penn State Altoona, St. Francis University and University Of Pittsburgh at Johnstown provide outstanding educational and cultural opportunities. Washington, Pittsburgh, New York and Philadelphia are only a few hours away.

Life here is easy, safe and secure; it's a great place to live, work and play!

**Competitive Salary • 401K Profit Sharing/Pension Plan
